

is hiring an “Android Developer“ - 100%

Scalable Capital is a young and dynamic startup in the center of Munich. We have the objective to shake up and revolutionise classic asset management services and make these accessible to everyone.

Our services are unique and we apply an intelligent and IT-driven approach for investing money. We believe that strategic financial investments should be available to everyone. Moreover, we are convinced that our innovative approach will fundamentally change how money is invested today.

We have assembled an experienced and diverse team in order to challenge the traditional asset management approaches and their style of investing. Our flat hierarchy and our office in the urban district of *Lehel* in Munich offer an open and positive working environment.

Your Skill Set

- You have a degree in Computer Science / Engineering or a similar background.
- You have a profound understanding of OO software design.
- You have strong verbal and written language skills in English.
- You are a communicative team player.
- You are a person who takes ownership of the problem at hand.
- You have experience to work with agile software development teams.
- You show a passion for well architected, testable and documented code.
- You have experience in secure software design.
- You have proven experience with Java and the Android SDK.
- You show an interest in new technologies like Reactive.Native, Android Wear, Material Design etc.
- You have a solid understanding of the full mobile development lifecycle.

Your Responsibilities

- You will design and implement our Native App for Android.
- You will collaborate with cross-functional teams to define, design, and ship new features.
- You give security the attention it deserves.

You get what you give!

We offer everything you need to be successful and to live out your passion at work. You will benefit from the unique startup atmosphere with the spirit to be part of creating an innovative product. As part of our team, you will have a direct influence on the development of the company and you will become part of a young, ambitious, and committed team. Moreover, you will enjoy our inspiring lunch conversations and after-work events.

Apply today by sending your résumé to jobs@scalable.capital.
